Title: Ricardo's Research 3

I have discovered that  
one o' the great  
treasures of Lord  
British's Vault be the  
crystal that Minax used  
to be in both Felucca and  
Trammel at the same  
time.

This be of great interest  
to me. I can think o'  
many an improper use fer  
it. It is not known if I  
can use it to be in two  
places in Trammel at the  
same time, I look forward  
to finding out.

I also now know that the  
third word o' power for  
the key to the vault is  
'grav.'
